Vintage Publishing, United Kingdom, 2014. Hardback. Book Condition: New. 222 x 143 mm. Language: English . Brand New Book. This story is a quest for an animal so rare that a sighting has never been recorded. The Somali golden mole was first described in 1964. It is mentioned in a number of textbooks, but the sole evidence for its existence is a tiny fragment of jawbone found in an owl pellet. Intrigued by this elusive creature, and what it can tell us about extinction and survival, Richard Girling embarks on a hunt to find the animal and its discoverer - an Italian professor who he thinks might still be alive. Richard s journey comes at a time when one species - our own - is having to reconsider its relationship with every other. It is also a quest for knowledge. He delves into the history of exploration and the tall tales of the great hunters, explores the science of collecting and naming specimens, traces the development of the conservation movement and addresses the central issues of extinction and biodiversity. The Hunt for the Golden Mole is an engaging story which illustrates the importance of every living creature, no matter how small, strange or rare. It is a thoughtful, shocking, inspiring and important book.
