Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.When is the Apocalypse? Signs point to it being well underway. In fact, it could be a few hundred years old right now, and we wouldn't even know it. Our understanding of the Universe has increased at a breakneck pace since an apple fell on Isaac Newton's head in 1666. From that Edenesque story, physics has begun to finally understand the inner secrets of the cosmos. In the last 100 years, our literary works have been heavily influenced by an external influence. Hidden surrounding the works of some of the most seminal authors of our time lies a secret message: It's coming. This secret code continues to manifest throughout the most pivotal moments in the last seventy years. It links together in broad daylight what will eventually become the penultimate conspiracy: The sprawling Illuminati Octopus. Proof of the influence of this force, which transcends time and space, connects these events to a prophecy of revelation culminating in the three and a half year period ending September 2016. Follow the trail of Octopus from JFK's assassination to 9/11 and beyond. Timelike Synchronicity: Synchronicity is the experience of two or more events that are apparently causally unrelated or unlikely to occur together by chance, yet are experienced as occurring together in a meaningful manner. The concept of synchronicity was first described in this terminology by Carl Gustav Jung, a Swiss psychologist, in the 1920s. Timelike Entanglement: is the connection, via quantum entanglement, through time. Research has shown that it revolves around a pattern of equidistant time periods between events. Taken together, these things form timelike synchronicity, which is the linking of two or...
