AUTHORHOUSE, United States, 2008. Paperback. Book Condition: New. 178 x 76 mm. Language: English . Brand New Book ***** Print on Demand *****.Since its conception mankind has sought answers to questions that would enable us to define who we are and our role in the grand scheme of things. Of the numerous questions posed, I feel that those concerned with human behavior are perhaps the most important. What governs our behavior? Why do good people do bad things? What lies ahead ? I address these questions and many more in my text using a novel, fresh approach, a lyrical format. Using this format, I provide examples (songs) which illuminates the darkside of human behavior. The goal of my work is to ask the reader to recognize and identify the darkness that resides within themselves and others and utilize this dark energy in a socially acceptable manner to avert disaster, or individually, lead themselves towards self-actualization. This text will have wide-ranging appeal. Teenagers will enjoy relating to songs reflecting their daily concerns, while young adults could perceive the deeper implications. Older adults could identify with a more diverse number of topics as they reflect upon their lives and contemplate their futures. Additionally, it may yield special appeal to musicians and composers of all ages, as well as all those with a interest in Comparative Studies, Literature, and/or the Humanities. A blank page is included, adjacent to each song to encourage the reader to jot down their immediate response to a particular song or add a chorus or addition based on their personal experiences which may be sent to the author for possible inclusion in a follow-up text. (go to for details).
