

## Teach Yourself Basic Mac Skills (Paperback)

By Rod Lawton

Hodder Stoughton General Division, United Kingdom, 2008. Paperback. Book Condition: New. 199 x 132 mm. Language: English . Brand New Book. Are you looking to get the best out your new Mac, either as a complete novice or as a convert from a Windows PC? Or have you just upgraded to Leopard and want to know what's new? Either way, this is the book for you. Make sure you're getting the most out of your machine and understand its full potential. Teach Yourself Mac offers a wider, more beginner-friendly scope - an all-in-one reference for those who want to understand the basic concepts rather than the in-depth technicalities. Focusing on the iLife applications which are bundled with Macs including email, iPhoto, iCal, iMovie, iTunes and others, it will help you to enjoy the full Mac experience, and see its appeal as a user-friendly computer that's ready to be used straight away. Learn to live life to the full with your music, your photos, DVDs and email. With straightforward writing from expert authors, the Teach Yourself computing series cuts through the technobabble, giving you easy and enjoyable access to all of the computer skills you want to...

### Reviews

*Absolutely among the finest book We have at any time read through. We have read through and that i am sure that i will going to read once more again later on. I found out this book from my i and dad suggested this book to find out.*

-- **Alford McClure**

*I actually started reading this article ebook. It is actually packed with knowledge and wisdom Its been printed in an remarkably simple way and it is only after i finished reading this pdf where in fact modified me, alter the way i believe.*
