If Walls Could Talk: Dont Let Epilepsy Control You

By Ann Marie Gillie

Outskirts Press. Paperback. Book Condition: New. Paperback. 92 pages. Dimensions: 8.8in. x 5.9in. x 0.3in. Getting a second opinion changed my life forever! Seizures - Sex - Life - Depression - Love - Survivor! I put together a book about my life with Epilepsy and seizures shortly after having neuro surgery in Dec 2002. The surgery I had was called Left Selective Amygdalohippocampectomy; it was an 8 hour procedure that I underwent at the U of A Hospital in Edmonton, Alberta, Canada. The original story I had typed up on my computer was very simple, seemed almost to basic, so I sat down a couple years later and decided to revamp my story, but not to make it a sad feel sorry for me book, but one that would give people hope and motivation and that is what I am hoping to achieve from this, If Walls Could Talk. My life with seizures started when I was 2 years old and continued into my 30s, even though I have been 110 seizure free since the surgery, I have never really let go of my life with seizures. I have had the privilege of speaking at Epilepsy forums, been on television twice and have taken...

Reviews

I actually started looking over this publication. It really is rally interesting through studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at any moment of your time (that's what catalogues are for concerning when you ask me).
