Pen Press Publishers. Paperback. Book Condition: new. BRAND NEW, Mindscape: Caving and the Art of Subversion, Terence M. Harrison, "Mindscape" follows interlocking stories of different people set in the contemporary scapes of Manchester, Melbourne and Snowdonia. Throughout the interesting shifts in plot and characters, Terence maintains a tension and allusion to the original psychic theme that is captivating. If the world of I.D. technology, extortion and spies seems much removed from that of Romantic poets and caving, "Mindscape" will show you new possibilities. Eric Lewthwaite, a fascination mixture of computer geek, 'weirdo' and genius, can glimpse beyond the impossible and into another level of consciousness, though when he stumbles into a chasm of intrigue everything is turned upside-down. Emma Beardmore is a student of metaphysics who sees into the past and speaks with her dead mother - but what part does she play in all this?.
