

Change Agents in Science Education

By -

Sense Publishers. Hardcover. Book Condition: New. Hardcover. 162 pages. Dimensions: 9.2in. x 6.1in. x 0.4in. In this engaging and well crafted book, *Change Agents in Science Education* situates the science educator in dynamic social, political, and cultural environments where individuals are engaged in science for change. A wide range of educational contexts are described in the book, including urban school settings in the U. S. , slum communities in Mumbai, India, an agricultural community in Benin, Africa, a childrens educational television program production company in the U. S. In each context, powerful examples of how science was enacted to transform ways of thinking and doing are demonstrated. Each contributor shares experiences with science, and the challenges, triumphs and lessons learned which need to be considered and addressed as part of the role of the science educator. Change, it is argued, needs to be facilitated on a variety of levels in order for learning to take place. Science educators working in a wide range of settings, community-based educational groups, and students and researchers interested in formal and informal science education, will benefit from the perspectives provided in this book. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
