It is then thoroughly evaluated and improvements and enhancements are carefully planned and executed before a future micro-teach or a lesson is delivered. This can be viewed as a form of continuous quality improvement. This textbook is aligned to recent changes in the further education and skills sector and shows you how to use such changes to inform your micro-teach research, planning and delivery and in this respect be on par with if not ahead of other candidates at interview. This textbook can be used by itself or as a complementary publication to the following textbooks by the same author: Achieving your Award in Education and Training: The Comprehensive Course Companion Or Achieving your Award in Education and Training: The Comprehensive Course Companion (Special Edition) The principal benefits to the reader of this textbook are as follows: It is written by an experienced practitioner...
