Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

The country has other instructions than in thrift and good husbandry, and we shall do well to pause for a while, even in the bustle and excitement of a day like this, to interchange our thoughts upon the objects and uses, the influences, the ends, and the aims of this rural life - this home in the country which we can all share and enjoy, and by which, if we will, we can all be improved and elevated....
